

State and Provincial Invasive Species EDRR Systems - Early Detection Network Partners.

Delaware Invasive Species Council – State EDRR Training
Workshop – February 8, 2012.

Randy G. Westbrooks, Marcia Fox, Kendall Sommers, and Kelly Valencik

Habitats at Risk	IVS Target Species	Network Partners
Agricultural Production Areas, Pastures	Agricultural Weeds: Goatsrue	Farmers, Livestock Producers
	Crop Insects, Diseases, Molluscs:	
	Aquatic Nuisance Species: e.g., Northern Snakehead Fish	
	Injurious Wildlife: e.g., Nutria	
Highway and Rail Rights-of -ways	Invasive Plants:	State DOT Personnel, Railway Workers
	Insects, Diseases, Molluscs:	
	Aquatic Nuisance Species: e.g., Purple Loosestrife	
	Injurious Wildlife:	
Waterways, Lakes, Streams, Rivers, Estuarier	Aquatic Weeds: e.g., Hydrilla, Crested floating heart, Giant Salvinia, Caulerpa	Recreational Boaters, Fishermen, Land Owners
	Aquatic Insects, Diseases, Molluscs:	
	Aquatic Nuisance Species: e.g., Northern Snakehead Fish, Zebra Mussel	
	Injurious Wildlife: e.g., Nutria	
Forests and Natural Areas	Invasive Plants: e.g., Cogongrass, Wavyleaf Basketgrass, Giant hogweed, Mile-a-minute Vine, Bradford Pear	Federal, State, Local Forestry Personnel, State Park Personnel, TNC Preserve Managers, FWS Refuges, Friend of Parks
	Insects, Diseases, Molluscs:	

	Aquatic Nuisance Species:	
	Injurious Wildlife:	
Urban Areas	Invasive Plants:	Homeowners, Master Gardeners
	Insects, Diseases, Molluscs: e.g., Giant African Snail	
	Aquatic Nuisance Species:	
	Injurious Wildlife:	
Coastal Areas	Invasive Plants: e.g., Beach Vitex, Japanese Sand Sedge	Coastal Residents
	Insects, Diseases, Molluscs:	
	Aquatic Nuisance Species:	
	Injurious Wildlife:	
Other Areas	Invasive Plants:	Botanists, Weed Scientists, Native Plant Society Members
	Insects, Diseases, Molluscs:	Entomologists, Pathologists,
	Aquatic Nuisance Species:	
	Injurious Wildlife:	
	All Target Taxa	Biologists, Boy Scouts, Girl Scouts
